TOWN WARRANT

(L. S.) THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the town of Croydon qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on Tuesday, the 13th day of March next, at ten o'clock in the forenoon to act upon the following subjects:

Art. 1. To choose all necessary town officers.

Art. 2. To see whether beer or other lawful alcoholic beverages shall be manufactured or sold locally, as permitted under Chapter 99 of the Laws of 1933.

Art. 3. To see if the town will vote to ask for State Aid for highways, to be expended upon the Croydon Turnpike, the town to raise the sum of \$670.50, the State to give \$1,340.00.

Art. 4. To see what sums of money the town will vote to raise for the repairs of highways and bridges.

Art. 5. To see what sums of money the town will vote to raise for keeping the roads open during the winter.

Art. 6. To raise all necessary sums of money for defraying other town charges.

Art. 7. To see if the town will vote to authorize the selectmen to hire all necessary sums of money for its use during the year in anticipation of taxes.

Art. 8. To transact any other business which may legally come before said meeting.

Given under our hands and seals at said Croydon this 26th day of February, 1934.

EDGAR W. DAVIS,
D. SELWEN ROWELL,
HERBERT D. BARTON,
Selectmen of Croydon.

A true copy of warrant, attest:

EDGAR W. DAVIS,
D. SELWEN ROWELL,
HERBERT D. BARTON,
Selectmen of Croydon.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Croydon:

The regulations require that the Superintendent prepare an annual report for the School District. It is therefore a pleasure for me to present herewith my first Annual Report for the School District of Croydon. This is the 15th in the series of such reports issued by Superintendents of Schools.

PROGRESS

It has been the policy of the superintendent to carry on the work of the schools in a similar fashion to that of previous years. These few months have indicated that reasonably good work is being accomplished and that for the most part the pupils are reaching the desired goals as to knowledge of the fundamentals. The fact that so few changes have occurred in the Teaching Staff for the last few years has made possible this continuance of reasonably satisfactory work. It is anticipated that some effort will be made to assist the pupils in acquiring such habits, attitudes and ideals as may enable them to adjust themselves to a changing society.

TEACHERS AND SCHOOLS

To carry forward the record of the schools and teachers, the following chart is presented in the usual form.

TEACHERS	SCHOOL	FALL TERM ENROLLMENT
Ruth L. Dewar	East Village	22
Doris M. Persons	Croydon Flat	7
Sadie E. Muzzey	Ryder's Corner	12
		—
Total		41

TUITION PUPILS

The desire on the part of pupils to attend High School seems to be increasing in these later years rather than decreasing. This means that there is a constant tendency for an increase in the appropriation for tuition. The actual pupils in attendance at the Towle High School now numbers fifteen.

BUDGET

A study of the Budget Plans for this School District as well as those of other communities seems to indicate that reductions in budgets and reductions in teachers' salaries have not always resulted in advantage to the smaller school districts. It is probable that best procedure would be to maintain a reasonable standard of expenditure for the schools, not only in normal times but through periods of depression. It is believed that reasonable salaries, reasonable expenditures for text books and supplies, and for such other items as go to make up the total item of School Support would result in an increased amount allotted for State Aid.

GENERAL STATISTICS

For the Year Ending June 30, 1933

No. pupils enrolled	47
Average membership	38.29
Average attendance	35.57
Per cent of attendance	92.89
No. days school in session	176
No. children transported at district expense	2
No. tuition pupils in high school	12
Average salaries of teachers	\$825
No. school visits by the superintendent	38
No. school visits by citizens	96

CONSOLIDATION

The School District may at some time need to

consider the desirability of still further consolidation of district school. It may happen that due to the movement of population from the larger centers to the smaller centers, that these remoter schools will increase in number of pupils rather than decrease. A careful survey of the local situation indicates that it is not advisable to take action at this time. It is questionable whether any real financial saving would result. The citizens may well have in mind the desirability for such action and it may be taken up at a future time.

HEALTH

This is the first year that Croydon has had the benefit of regular Health follow-up of its school children. It is the first year of work of the present school nurse, Mrs. Hasham. She has made the following report of her work and has examined the pupils and found the following conditions which are reported at this time in total so that the citizens may know the work that she is doing.

No. pupils examined	41
Found underweight	12
Defective vision	3
Anaemic	3
Nervous condition	6
Deformities	2
Defective teeth	40
Diseased tonsils	8
Defective breathing	4
Enlarged glands	14
Defective speech	1

Many of the children with minor defects have been receiving treatment and still others have had their defects corrected. In February, thirty-three pu-

pils were treated fully for defective teeth. It is to be commended that funds were raised for the pupils by a committee and that the Town Hall was available for the clinic. Twenty-six pupils had never received any treatment from a dentist up to this time. No charge was made to the children or their families for this dental work. It is desirable that the children's teeth be continuously attended to, so that they may retain their teeth longer, and so that their general health condition will be improved. The School Nurse has made several visits to individual homes, and has advised the parents concerning the care of their children.

Some of this corrective work has been made possible by the utilization of funds provided by the Federal Government through the State Department. Just how long such funds will be continued or available is not known, but it is possible to provide certain aid in the way of milk for those who need it. Cod Liver Oil is also furnished. This does much to prevent cold and winter sicknesses. Some funds are now available for actual correction of physical disabilities. This work the School Nurse will follow up and try to assist as many of the pupils as possible in overcoming physical handicaps.

Your Superintendent wishes to express his appreciation for the friendliness with which he has been received. It is through the cooperation of pupils, parents, teachers and School Board that the best possible results may accrue to the boys and girls.

Respectfully submitted,

ROBERT J. FULLER.
